County Home Levy Again on Ballot

Countians Will Vote On 26 Questions, Issues Tuesday

Columbiana County will vote on 26 special questions and issues, principally proposed bond issues and tax levies, at the general election Tuesday.

They include statewide and countywide questions, which means that every voter will get ballots on at least two special issues. No Salem issues or questions are on the ballots.

There is a proposed amendment to the Ohio Constitution to legalize sale of certain commodities on Sunday and a levy of seven-tenths of a mill sought for improvements at the County Home.

East Liverpool will vote on five special issues, including the state and county questions. The 1-mill firemen's levy is up for renewal, along with two school district propositions—renewal of a 3-mill levy and a new 2-mill levy.

East Palestine has the greatest number of special propositions—four. They include renewal of 1-mill city levies for park operation and street maintenance, a new 5-mill school district levy and re-

newal of another 3-mill levy, also for school purposes.

At Wellsville, the spotlight will center on a proposed \$250,000 bond issue for construction of a combination City Hall-Post Office. The Wellsville School District also will vote on a new 5-mill levy.

Of all the propositions on the ballot, the Wellsville city bond issue is the only one that requires more than a majority for approval. It must have at least a 55 percent affirmative vote for enactment.

Salineville village will vote on a new 2-mill levy for replacement of its system of fire hydrants. Washington Township, in which Salineville lies, will ballot on renewal of a 2-mill road levy.

Knox Township has two propositions on the ballot for renewal—2 mills for road purposes and a seven-tenths mill measure for fire protection.

In Elkrun Township, voters will act on a question on sale of liquor by the glass—a move to legalize whiskey in its lone tavern.

Other propositions are:

West Township, renewal of a 2-mill levy for roads; Fairfield-Waterford School District, renewal of a 6-mill levy, and United Local School District, a renewal and an increase totaling 4.2 mills.

Voters in small segments of Columbiana County will act on bond issues and tax levies proposed in school districts that overlap from neighboring counties.

Alliance City School District has proposed a \$400,000 building bond issue and a 1-mill levy. Minerva Local District also has two propositions, a \$1,075,000 building bond issue and a 1-mill levy. The West Branch Local District proposes a \$310,000 building bond issue.

In Columbiana County, virtually all of West Township is part of the Minerva district. The Alliance district includes a small segment of Knox Township in Columbiana County. The West Branch district takes in all of Knox Township which is not part of the Alliance school area, plus a segment of Butler Township.

Rhodes' Office Audit Fails To Disclose Fraud

Menon Ousted By Nehru

Defense Chief Relegated to Lower Post

Action Follows Mounting Criticism; Warfare Unabated

NEW DELHI (AP) — Prime Minister Nehru today took over the Defense Ministry from V. K. Krishna Menon. Menon was named minister of defense production.

A Cabinet communique announced the change. It came in a rising tide of criticism of Menon for failing to prepare India's defenses adequately against Chinese Communist attack.

The announcement said President Sarvapalli Radhakrishnan asked Nehru to take over the defense post.

Had Been Handling Job In fact, Nehru has been handling the job for the past week, relegating Menon to the back-ground.

The decision to replace Menon was taken at a Cabinet meeting which outsiders thought must have been heated.

At one point, an information officer was called to handle an important announcement. But then he was sent away with the word that no announcement was coming.

A short time later the Cabinet decided to announce Menon's ouster from the key defense job.

Before the announcement, India reported close quarter fighting between Indian and Red Chinese troops on the potentially most vulnerable invasion route to the plains of Assam.

Fighting Is Reported A Defense Ministry spokesman said an exchange of fire at fairly close quarters occurred Tuesday near Walong, at the eastern end of the frontier near Burma. It lies in the Lohit River valley, the easiest route through the Himalayas for Red Chinese armies.

The spokesman indicated the Communists might be trying to outflank the Indians at Walong.

In the only other fighting reported in the last 24 hours, the spokesman said Indian troops continued to shell the Chinese around Jang, five miles east of the captured monastery town of Towang on another route to the Assam plains.

The spokesman denied the Indians were attempting a limited offensive in the area, however.

Some 1,000 miles to the northwest in the other battle sector in Ladakh, there was no change in the situation, the spokesman said.

Asked whether the Soviet Union, an ally of Red China, is sending arms to India, the spokesman replied: "Certain equipment was or-

Cuban Unyielding In Demands

Castro Hedges In Talk With Thant

HAVANA (AP) — Acting Secretary-General U Thant scheduled a second meeting with Prime Minister Fidel Castro today to try to win agreement for U.N. verification of Moscow's promises to remove its missiles from Cuba.

An initial two-hour, 10-minute session between Thant and the bearded Cuban leader made no headway Tuesday, informants said. Castro reportedly stuck to such demands as abandonment by the United States of its Guantanamo naval base in southeastern Cuba.

The United States already has rejected Castro's demands, made last weekend. He also demanded lifting of all economic measures against his regime and guarantees against hit-run raids and invasion preparations.

Despite the reported lack of progress, a spokesman for Thant called the meeting "very useful." A communique issued afterward said "Cuba fixed her position and viewpoints with clarity," which informants said meant Castro was unyielding in his demands.

President Osvaldo Dorticos took part in the meeting.

The U.S. naval blockade remained in suspension as Thant and Castro prepared for their second session. Thant asked that the blockade of offensive arms shipments to Cuba be lifted before

2 Accounting Firms Report On Examination

GOP Candidate For Governor Hails 'Vindication'

COLUMBUS, Ohio (AP) — Two accounting firms reported today they found no evidence of fraud in connection with rental or rental purchase payments involving adding machines in the office of State Auditor James A. Rhodes.

Rhodes, Republican nominee for governor, immediately asserted the report completely demolishes charges made by Democratic Gov. Michael V. DiSalle. He added he believes the report is a "complete vindication" of examiners in his office.

DiSalle, who returned to Columbus about 3 a. m. from a campaign trip, was not available for immediate comment.

Rhodes told newsmen, "the report proves beyond the shadow of doubt that the governor's charges of fraud were absolutely false."

Asked about reports from the governor's office that an index ledger is missing, Rhodes asserted the book simply has been misplaced, not lost.

"All records and vouchers, I might add, are in the office of the director of finance," Rhodes said, and added: "Not one record is missing from this office."

DiSalle had asserted former Rhodes employes had told him of kicking back, in cash, to "someone" in the auditor's office, the amounts they had charged on their expense accounts to local subdivisions for adding machine rental.

Covered 10-Year Period The one-page preliminary report signed by both the accounting firms of Ernst, Ernst, and Price examination covered the period beginning Jan. 1, 1953 and ended Sept. 30 of this year.

They said they examined expense vouchers of examiners and employes in connection with adding machine purchase. The report added:

"Our examination of expense vouchers was limited in scope for the purpose of determining the extent of charges for rental and/or rental - purchases of adding machines, and accordingly did not include a review of other items. Furthermore, in accordance with the authorization of the state records commission original expense been destroyed for periods ended of examiners and employes have prior to June 1956; however, with respect to this period, we examined duplicates signed and approved expense reports on a tabular basis.

"In our opinion the records of the office of the auditor of state of Ohio examined by us disclose that rental - purchase payments

65 Rotarians Hear Judge Weygandt

About 65 Salem Rotarians heard Chief Justice of the Ohio Supreme Court Carl V. Weygandt of Lakewood in a noon luncheon address in the Memorial Building, Tuesday.

Justice Weygandt's talk, titled "As Viewed from the Bench," dealt with the relationship of the three major branches of government and was illustrated with cases in his 29 years of experience on the bench.

Quoting from the Old Testament, Justice Weygandt stressed that the judiciary is obliged to reach its conclusions by law and may not be influenced by personalities.

Alden Gross, Rotary program chairman, introduced the guest speaker.

U.S. Satellite Fired Into Orbit

Will Measure Size, Shape of Earth

CAPE CANAVERAL, Fla. (AP) —A flashing light "firefly" satellite soared into orbit today to measure the size and shape of the earth in an experiment which could produce more accurate world maps and establish guide lines for tracking men to the moon.

The 355-pound satellite, named Anna, rocketed away from Cape Canaveral at 3:08 a.m. atop a Thor-Able-Str booster. An hour later the Defense Department announced it was in a successful orbit about 700 miles above the earth.

The first stage pushed the package to the edge of space. The second fired for two minutes, then shut down and coasted for 25 minutes before restarting its engine to eject its satellite into orbit high above Ethiopia at a speed of nearly 18,000 miles an hour.

Officials reported that clear signals were being received from the payload.

Because the rocket was fired on a northeast heading in the direction of the Soviet Union, the Defense Department announced time and direction of launching in advance. Sources said this was done to alert the Soviet Union so that the Russians would not mistake the rocket for a hostile missile.

Official name of the satellite is Anna 1B, with the letters standing for Army, Navy, Air Force and NASA, the participating agencies. The "firefly" nickname derives from four high-intensity xenon gas lights designed to be photographed against a background of stars as they flashed on and off at designated times.

The first lunch in the program, Anna 1A, failed last May because of rocket trouble.

The blinking beacons — plus other precise radio, navigation and tracking instruments — were to help ground stations calculate distances on the globe and the general shape of the earth's surface and strength of its gravitational field with accuracy not possible before.

October Parking Meter Revenue Up

Parking meters on city streets and in city parking lots brought in a total of \$3,818.38 in October, Mrs. Helen Coyne, auditor reported today.

The average weekly parking meter revenue this month was \$763.67 an increase over September's weekly average of \$737.20. Mrs. Coyne attributed the gain to additional use of the city parking lots because of football games.

Street meters brought in \$2,966.92. The city parking lot at the corner of Pershing and Columbia Sts. had an intake of \$359.97; the E. State St. lot \$244.12; and the lot at the corner of Pershing and Ellsworth Ave. \$217.37.

Leyman Is Bound To Grand Jury

Daniel Leyman of RD 4, Salem, periodic eluder of law authorities and prime burglary suspect in Columbiana and Mahoning Counties, was bound over to the Columbiana County grand jury Tuesday under \$500 bond on a charge of vehicle theft.

3 Injured In Road Mishaps

Lisbon Motorist Is Hospitalized

Three Columbiana County persons were injured and a quick-thinking tractor operator for Unity Township leaped to safety in traffic accidents investigated Tuesday afternoon and evening by the Lisbon post of the state highway patrol.

Forrest Martin, 49, of RD 1, Lisbon is in fairly good condition at Salem City Hospital where he was taken after he crashed his car into the rear of another driven by Kenneth Rogers, 21, of Summitville Tuesday night at 7:30 on Route 30, two miles east of Minerva.

Rogers said he braked his auto in anticipation of slow-moving traffic ahead when Martin, also eastbound, crashed into the rear of his car. Martin was charged with failing to stop.

One hour earlier two East Palestine youths were hurt on County Road 440 just north of Columbiana when their car skidded off the left side of the road, struck a utility pole and overturned. Injured were the driver, Kenneth H. Lotze, 19, and his passenger, Betty McLaughlin, 15, of 141 N. Pearl St.

Both were treated at the South Side Hospital in Youngstown and released. Lotze suffered a bruised back and left arm and the girl, a back injury.

Fast action on the part of Leonard D. Smith, 51, of RD 2, Columbiana, driving a Unity Township tractor equipped with front scoop and backhoe, prevented injury to the driver. Smith was driving the vehicle on the south berm of Route 14 east of Route 7 near Columbiana Tuesday afternoon when he lost control of the steering. The tractor veered suddenly onto the pavement and headed toward a westbound tractor-trailer outfit driven by Dennis C. Sell, 29, of Streetsboro.

Smith leaped from the tractor which crashed into the side of the tractor-trailer. Only the Unity Twp. vehicle was damaged.

A Bessemer, Pa., man said he was blinded by lights from an oncoming car this morning at 1:30 causing him to ditch his auto on Route 14 two miles east of Columbiana. Robert Flick, 34, escaped injury when his auto went off the right side of the roadway as he was westbound.

slugging contractor pleaded guilty to stealing a pickup truck belonging to a Salem man when he appeared at a preliminary hearing before Judge Luther Donbar in Northwest County Court. He was returned to Salem city jail, awaiting transportation to Mahoning County today by law authorities in that area.

Leyman has been playing a game of hide-and-seek with officers from both counties over a long period of time. His most recent escape occurred Monday when two Mahoning County deputies, Bert Bees and Eugene Leshack, removed Leyman's handcuffs at his home on Western Reserve Rd. Leyman had induced officers to take him home by telling them he had hidden some guns there and also wanted to pick up some clothes. Freed from his shackles, the slightly built prisoner leaped from one of two windows in the room and fled into the woods.

The two deputies told Mahoning

DeGaulle Says He'll Remain In Office

PARIS (AP)—President Charles de Gaulle announced today he will remain at the helm of the French government even though only about 47 per cent of France's registered voters backed him in a referendum last Sunday. He had a majority of those who did vote, however.

De Gaulle, anxious for a showdown with the nation's politicians, had said he would resign if the results of the referendum were "weak, mediocre or doubtful." But he did not specify the minimum vote that would keep him in office.

The referendum approved a constitutional amendment proposed by De Gaulle to provide for election of presidents by direct vote of the people. All of the nation's politicians except Gaullists contended he had violated the constitution by not presenting his amendment first to Parliament for approval.

In the vote, 61.76 per cent of the valid ballots were cast in favor of De Gaulle's proposal. Due to stay-at-homes and other abstainers, the yes vote represented only 46.3 per cent of the registered voters. De Gaulle's backing in previous referendums had never been less than 56 per cent of the electorate.

De Gaulle presided today at a Cabinet meeting to review results of the referendum. Cabinet sources said he put emphasis on the 61.76 per cent approving vote.

May Seek Admittance As 51st State

Important Decision Faces Puerto Rico

By BERT QUINT
Herald Tribune News Service
SAN JUAN, Puerto Rico—The 2.3 million people of this Caribbean island are facing a decision that is just as important to the United States as it is to them. They must decide between now and sometime next year—exactly when has not yet been determined—whether they want to maintain their present relationship with the U.S., become independent or seek admittance to the union as the 51st state. And if the difficulty they are having in preparing a plebiscite on the question is any indication of the trouble they will have in making up their minds, the decision will be difficult indeed.

What has happened and what is happening here is as complex as it is unusual. It is also a matter of concern for every American taxpayer as well as for the people responsible for keeping America's defenses strong and her image shiny in the eyes of the rest of the world.

Puerto Ricans are, by heritage, by culture and by tradition, Latins. By a quirk of history, they also are American citizens.

This 100-mile long island, 1,000 miles southeast of Miami—separated by only 500 miles from Cuba and by 1,100 miles of open sea from the Panama Canal—became part of the United States as a result of the Spanish-American War.

Unlike the Philippine Islands, no prize of that war, Puerto Rico has not chosen to seek its independence, but rather to strengthen its ties with what it calls "the mainland."

As Alert, Unwavering As Ever

President Chiang Kai-shek Celebrates 75th Birthday

By SPENCER MOOSA
TAIPEI, Formosa (AP)—President Chiang Kai-shek is celebrating his 75th birthday today in good health and still voicing confidence his Chinese Nationalists will recover mainland China in his lifetime.

This birthday is his 15th in Formosa since he quit the mainland Dec. 10, 1949.

Chiang seems as alert as ever, his eyes still as penetrating, his power of concentration unweakened.

He is strict on state business, but a genial, readily smiling host on social occasions.

He unbends with only a few people: his elder son, Gen. Chiang Ching-kuo; his secretary-general, onetime Premier Chang Chun, who has been associated with the generalissimo since they were military cadets in Japan, and

vice President-Premier Chen Cheng, a fellow native of the mainland province of Chekiang, who has served under him since 1924.

Since his last birthday Chiang has varied some of the patterns of his daily life.

He works mostly at his suburban home instead of at presidential headquarters in downtown Taipei.

He attends fewer routine military, political and economic conferences. He skips most meetings of the powerful standing committee of the Kuomintang, his ruling party.

The change in his pattern of work does not mean Chiang is idling his time away, for his routine would tax many a younger man. He is delegating more work to Chen Cheng, his political heir-apparent, and other ministers, while concentrating on matters of top importance.

Chiang also wants to conserve his health. He regards this as a duty necessary for realizing his government's supreme goal—recovery of the mainland. Aides say Chiang has had no recurrence of the bladder trouble for which he underwent an operation at the end of April.

Chiang regards the Chinese Communists as betrayers of the 1911 revolution which ended more than 46 centuries of monarchical rule in China. His long-standing policy toward them is: a fight to the finish, no negotiations and no compromise.

Only U.S. presidents to win the Nobel Peace Prize were Woodrow Wilson and Theodore Roosevelt.

July 25, tenth anniversary of the achievement of commonwealth status, that a plebiscite would be held next year. He explained that he had suggested it to President Kennedy and that Mr. Kennedy had agreed it would be a good idea.

The governor also presented the bill setting up the ground rules—a bill to which nearly every one outside the majority Popular Democratic party objected.

The only other important group, the Statehood Republican party, charged that the bill—calling for a choice among independence, statehood and a vague condition called "culminated" commonwealth status—was loaded to give commonwealth status an easy victory. It would prefer two plebiscites, the first between dependence and some kind of association with the United States and the second, if association were chosen, between statehood and commonwealth status.

This, statehooders believe, would eliminate some of the party politicking that necessarily accompanies any vote on this island where party lines are drawn according to positions on status.

Munoz Marin is pushing for the plebiscite because he knows his party is strong, having won 59 per cent of the vote in the 1960 election, and he is confident "culminated" commonwealth status will triumph.

He was quite frank in an interview in explaining why he is so anxious that it does.

"We want to show that the people of Puerto Rico want a permanent association with the United States," he said. "Independence would be a great economic burden."

STATEHOOD also would be costly, according to the governor, because it would mean Puerto Ricans would have to pay a federal income tax, and "this would be much higher percentage-wise" than the growth of the economy.

Advocates of statehood disagree. Miguel Angel Garcia Mendez, president of the Statehood Republican party, figures that because the federal government aids states in an inverse proportion to their wealth Puerto Rico would get back \$2.30 for every dollar it paid in income taxes.

His party also feels that unless Puerto Rico becomes a state its people will continue to be "second class citizens" without the right to vote for the American president.

"We want the rights and the obligations of other citizens," Garcia Mendez told this reporter.

As for the advocates of independence, they want no part of any voting. They received only 3 per cent of the 1960 vote and know they would not do much better now.

Whatever the Puerto Ricans decide, it is the United States Congress that will approve or reject any changes in the relationship between the commonwealth and the United States. However, a recent Gallup poll showed that taxpaying Americans are willing to make Puerto Rico the 51st state, to grant it independence or to leave things the way they are. The feeling is that the decision is Puerto Rico's.

Problem Serious for Farmers

Japanese Beetles Spread In Ohio

COLUMBUS, Ohio (AP) — Japanese beetles appear to be spreading into areas of Ohio adjacent to those under federal quarantine, the State Agriculture Department said today.

Director Robert H. Terhune said approximately the eastern third of Ohio, plus most of Lucas and Hamilton counties and part of Butler County, presently is quarantined. Federal officials require inspection of plants leaving such areas.

Congress has authorized an expanded control program, Terhune said. Officials added that the State Agriculture Department's Division of Plant Industry probably will recommend that the 1963 legislature make money available to take advantage of federal matching funds in the expanded control program.

The beetles, which attack about 300 kinds of plants, were noted initially in the United States in 1916 and first spotted in Ohio 31 years ago.

Although Ohio has worked with the federal government for years, limited funds have made it pretty much a matter of "putting out small fires as they develop," the chief of the Division of Plant Industry, Harold L. Porter, said.

Surrounding states like Indiana, West Virginia and Michigan also have Japanese beetle problems, Porter said. Michigan plans to drop poisonous Dieldrin pellets from an airplane over two of its southern counties this week, but Terhune said such an approach—while used occasionally in the past—is more of a problem in Ohio because of population density.

Ohio is using ground application of anti-Japanese beetle poisons, and Terhune said there is hope that research will produce even more effective anti-beetle measures.

While the problem is a serious one for many Ohio farmers, the director said he gets a number of letters complaining about Japanese beetles from another group as well—golfers. The beetles sometimes attack the grass on courses, he explained.

Taste for Red Sports Cars Lands Bank Robber In Jail

CINCINNATI (AP)—A 26-year-old Milford drummer faced arraignment on five bank robbery charges today as the result of his taste for red sports cars.

FBI agents arrested Thomas J. Miller, father of three children, Tuesday and charged him with robbing the First National Bank at Elmwood Place of \$6,500 last Friday. They said his six robberies netted him more than \$14,000.

Ed Mason, special agent in charge of the Cincinnati FBI office, said Miller's arrest cleared up a wave of robberies in the greater Cincinnati area. He said agents recovered a pistol and \$5,100 in cash and checks at Miller's house.

Mason said a radio salesman, Edward R. Brueggemeyer, parked his car in front of the Elmwood Place Bank at the time of the robbery. He later told police that as he was taking his briefcase from the car, he saw a man jump into a red sports car and take off.

Brueggemeyer could not remember the make of the car right away, but it came back to him later. It was a Triumph.

FBI agents then compiled a list of persons in this area who recently bought such cars and visited every one of them personally. Tuesday their search ended with Miller's arrest.

The FBI said Miller also robbed \$1,830 from the Fifth-Third Union Trust Co. branch at Norwood Sept. 26 and took \$5,100 at gunpoint from the Central Trust Co. branch at Mariemont July 31. Hold-ups at the Economy Savings and Loan Co., Loveland, July 20; at the Evanston Building and Loan Co., Silverton, and the Economy Savings and Loan Co. branch at the Tri-County Shopping Center Jan. 11 netted him \$200, \$444 and \$285 respectively, agents said.

Chief Charles Fritz of Norwood police said Miller admitted the robberies. He was held in lieu of \$15,000 bond.

For the State Offices

Five state offices below the rank of governor will be filled at the Nov. 6 election. All are important in their own right, and the man elected to serve in each has an important role to play in Ohio's state government.

Here are The Salem News' recommendations:

Lieutenant Governor

Neither of the nominees was our choice in the primary elections last May, and we believe the best candidates for this office are not on the ballot. One of them must be elected, however, to preside over the Ohio Senate and to fill the constitutional role of successor to the governor should a vacancy occur.

Since we have endorsed Republican James A. Rhodes for governor, we believe the lieutenant governor should be the Republican nominee—John W. Brown. The Medina resident previously served two terms as lieutenant governor and one term in the Ohio House. He now is completing a two-year term as state senator.

The Democratic nominee is John J. Gallagher of Cleveland, a former two-term state representative and four times unsuccessful in bids for state treasurer and lieutenant governor.

Attorney General

We think highly of both nominees. Republican William B. Saxbe served four terms in the Ohio House and was elected speaker, served a term as attorney general and was nominated for U.S. senator to succeed the late Robert A. Taft. Democrat Robert E. Sweeney, son of the late popular Cuyahoga County congressman, is seeking his first state office.

Our endorsement goes to Mr. Saxbe on the basis of his previous service and his

greater experience in state government.

State Auditor

The most qualified, by far, in this race is Roger W. Tracy of Columbus. He served four two-year terms as state treasurer and has adequate experience in the complicated state financial field.

His opponent is Democrat John W. Donahey of Alliance, who served a term as lieutenant governor.

Secretary of State

In this race a Canton man is contending for state office for the first time in more than a quarter century. He is Democrat Charles L. Babcock, former two-term mayor. But he is facing one of the most formidable opponents on the Nov. 6 ballot in Ted W. Brown. Mr. Brown has held this office for 12 years and has achieved a reputation as one of the nation's outstanding election officials.

He is so popular in Ohio that he was the only Republican to survive the Democratic landslide in 1958, when he last ran. We urge the re-election of Mr. Brown on his record of service to the state.

State Treasurer

This race features sons of men well known in state government. The Republican candidate is John D. Herbert, son of Thomas J. Herbert, former governor, attorney general and Supreme Court judge. The Democratic candidate is Thomas E. Ferguson, son of Joseph T. Ferguson, present treasurer and former auditor of state.

Both are personable, intelligent young men who do credit to the state ticket. Mr. Herbert is a former assistant attorney general, and Mr. Ferguson has served as assistant treasurer in his father's administration.

Our preference is Mr. Herbert.

Arfman, Greenamy for Judge

Four candidates, three of them attorneys, are seeking election to two four-year terms as county court judges next Tuesday.

They are Atty. Herbert E. Arfman of Salem, who is presiding judge at the Eastern county court at East Palestine, Luther Donbar of Columbiana, who presides over the North county court in Salem, Atty. Edward C. Greenamy of Leetonia, who is solicitor in his home town, and Atty. D. Barry Dickson of Unity Township.

The other county court judge, James L. MacDonald of Lisbon, is unopposed for the two-year term.

We recommend the election of Mr. Arfman and Mr. Greenamy.

Judge Arfman's court has functioned with such dignity and efficiency that it could be cited as an example of how Ohio's lower courts should be conducted. In two years

since he was appointed to succeed the late Earl Spalding, Judge Arfman's court has handled 2,700 civil and criminal cases, in addition to pioneering a traffic safety program for errant motorists.

Luther Donbar was one of the original judges selected when the justice of the peace system was changed five years ago by the Ohio legislature and although the elderly gentleman is at work daily, we believe that the presiding judge should be a trained lawyer like Atty. Greenamy, fully-schooled for the oft-required interpretation of the letter of the law. Atty. Greenamy, a native of Leetonia, has been active in church, civic and service club programs for a number of years and currently is serving his fourth term as solicitor in Leetonia.

Nehru, Menon Know It Now

The impulse to recall the gross errors of Prime Minister Nehru and V. K. Krishna Menon that invited Red China's attack should not be stronger than the impulse to remember they aren't the first modern statesmen to be fooled by Communist expansionists.

India is in danger.

It is in as much danger as it would have been in if its prime minister and his curious associate never had played footsie with Chinese Communists. They know now what skeptics said was true from the beginning — that Red China would invade India whenever it felt like going to war.

IT IS NOT the territory in the north-east boundary dispute that's important. No one wants it for habitation. But until Red China controls it, the march of communism into India's fertile valleys cannot begin.

Red China's intention of being the dominant power in Asia cannot be carried out. And as those who believe Red Russia and

Red China must come into deadly competition for supremacy have been warning for a long time, the communists in China cannot hope to match their rivals in Russia.

It takes no special imagination to see why this conflict in Asia overshadows everything else in potential consequences. The bid is for ultimate mastery of the world's largest population mass — for ultimate mastery of the world.

IT WILL BE slow in developing; there is no hurry about such things in the Orient. Chinese in the area have been moving in since 1954, preparing their offensive. From time to time the Chinese will offer to settle by negotiation. But square mile by square mile, mountain slope by mountain slope they will continue their encroachment until finally they have removed the obstacle to their planned penetration of the Indian subcontinent.

Everybody knows what is planned. Everybody knew it when it began to happen. Everybody, that is, but Nehru and Menon. They know it now, too.

Letter From Max

By Martin Miller

This is the season when we take vicarious trips all over the world just by sitting at home and looking at ads for the new automobiles — yak trails in Tibet, camel paths in the Sahara, goat byways in the mountains of Greece, onager routes in Iran. Hama roads over the Andes and crocodile slides in the Amazon jungle.

This is a nice lazy way of going everywhere the new cars are capable of going. It sure saves a lot of wear and tear on our constitution, besides saving wear and tear on our car.

Every time we go driving, we think to ourselves, "Gee, maybe this very car conquered the Himalayas." Meantime we are breezing along at a smooth 50 miles an hour on an unobstructed freeway.

Sometime it is going to happen if it hasn't happened already: a prospective car buyer is going to ask the salesman, "Yes, I know the car is a whiz on the native trails in Burma but how is it in this part of the country? I wasn't counting on a trip to Burma."

However, with all the new highway construction underway nowadays and attendant detours, the ad writers do have a point. Some of these jogs around sites of new bridges and grade-crossing eliminations make a driver think he might be barreling around a hairpin turn on a boulder-strewn mountain pass. But such incidents are usually over in a couple of minutes with nothing but a loose filling in a tooth to remember it by.

By DAVID LAWRENCE

It's a hollow victory — if, indeed, it turns out to be a victory at all. It's Nikita Khrushchev who now is established as the man in charge of dealing with Cuba.

It's he who is dealing for Cuba with this country and with the United Nations, and it is he who will argue whether certain weapons in Cuba are "defensive" or "offensive."

It is the Soviet premier who shipped the missiles into Cuba in the first place to threaten the United States. Yet, when he promises to withdraw them, President Kennedy calls this a "statesmanlike decision."

If a would-be murderer points a gun at you and then suddenly decides not to kill you, does he immediately become a "statesman"?

So far as the Monroe Doctrine and the traditions of this hemisphere are concerned, however, even as the President and Premier Khrushchev were exchanging subtly phrased notes about peace and the protection of Cuba against invasion, agents of the Soviet government operating

from Cuba were engaged in dynamiting four electric power stations in Venezuela, and thus was sabotaged a substantial part of the oil production of that country. First reports said it will cost at least \$1.1 million a day until repairs can be completed.

The United States government, moreover, has sacrificed an opportunity to liberate the Cuban people. The American quarantine or blockade of Cuban ports is to be dispensed with on the assurances of Mr. Khrushchev that his "officers" and "instructors," as he describes them, will change the missile bases so they will no longer be offensive.

A United Nations inspection team doubtless will take plenty of time to make sure it is distinguishing between the offensive and defensive character of any military projects already set up in Cuba by the Soviets.

THE PLAIN FACT is that Mr. Khrushchev has not agreed to get out of Cuba. The United States, on the other hand, has backed away from the Monroe Doctrine and has not insisted that all the Soviet arms be removed from Cuba. The latest letter from the Soviet premier implied that "defensive" arms supplied by the Soviets would remain in Cuba. Mr. Khrushchev wrote:

"I regard with respect and trust the statement of Oct. 27, 1962, that no attack will be made on Cuba, that no invasion will take place, not only by the U.S.A. but also by other countries of the Western Hemisphere, as your message pointed out. In view of this, the motives which prompted us to give aid of this nature to Cuba are no longer applicable . . ."

"If we take practical steps, and announce the dismantling and evacuation of the said instruments from Cuba, then, in doing that, we wish at the same time to assure the Cuban peoples that we are not divesting ourselves of the responsibility of granting help to the Cuban people."

President Kennedy in his message of Saturday, Oct. 27 — of which Mr. Khrushchev took note in his reply — had offered this deal to the Soviet premier:

"1. You would agree to remove these weapons systems from Cuba under appropriate United Nations observation and supervision; and undertake, with suitable safeguards, to halt the further introduction of such weapons systems into Cuba.

"We, on our part, would agree—upon the establishment of adequate arrangements through the United Nations, to insure the carrying out and continuation of these commitments — (A) To remove promptly the quarantine measures now in effect and (b) To give assurances against an invasion of Cuba. I am confident that other nations of the Western Hemisphere would be prepared to do likewise."

WHO HAS come out with a net gain? The United States, in effect, has recognized the Soviet right to run Cuba and is not to challenge it by invading Cuba, as is required by an application of the Monroe Doctrine and as other American presidents in the past have interpreted it.

So Khrushchev stays in Cuba. He says in one of his two notes that he will defend Cuba and will interpret the actions of the United States from time to time in his own way.

Who built up the crisis? Not the United States, but the Soviet Union.

Who took control of Cuba within the last year? Not the United States, but the Soviet Union.

What has each side given up? The United States withdraws its fleet and abandons any thought at present of establishing by force the right of its citizens or those of other countries to regain their properties confiscated by Castro. The Soviet Union, with its "officers" and "instructors," keeps its foothold in Cuba where, at any moment, "defensive" airplanes can be launched with nuclear bombs that could be hidden inside the island.

How can the United States be absolutely sure that what the Soviets call "defensive" supplies will not be suddenly used for "offensive" purposes?

So it's hard to tell as yet who has achieved a "victory" in the controversy over Cuba, which might have been averted if the invasion by the Cuban exiles had been given air cover by the administration here in April 1961.

NOW THE CUBAN exiles are checked. They will not only be opposed by the Castro regime—which continues to be aided by the Soviets — but by the United States, which has virtually pledged itself to see to it that all the countries of this hemisphere will refrain from any steps involving "invasion."

This is a broad enough pledge to stifle the efforts of any Cuban exiles to launch an invasion from any neighboring countries.

In fact, Mr. Khrushchev in his note of last Friday made clear that the pledge of "no invasion" means to him any operations "both from the territory of the United States and from the territory of other neighboring states of Cuba." It's a sad hour for the people of Cuba.

Now it is possible to buy a whole bag of combs for a quarter. Combs were certainly not such an inexpensive commodity to the Egyptians whose combs were made of ivory, or to the Greeks and Romans who used boxwood combs.

Even the most versatile soprano would find it hard to hit some of the high notes sung by birds. Bird song tends to be very high pitched and their hearing range surpasses humans.'

On Sunday Closings

Webster defines greed as eagerly desirous, especially of wealth. Man's worst enemy to himself throughout the ages has been greed. I do not even presume to place myself in judgment of my fellow man, but the full page ad Oct. 26 in The News by the Lawson Milk Co. in favor of "The Sunday Necessities Amendment" has caused me to seriously contemplate the need for such an amendment.

Are shops and stores open on Sunday in the public interest and necessity of the people, or is it greed?

A necessity is something that is absolutely needed or required, something indispensable. A little self-disciplining of anticipated needs of the Sunday menu and perhaps a want list could possibly forestall the Sunday trip to the grocery. Most assuredly, certain things as prescription drugs and other unforeseen emergencies cannot be forecast and should be available where the life or welfare of the individual is at stake.

Items other than necessities that cannot be stockpiled such as electric, natural gas, utilities, telephone service, public transportation and news media should by all means be made available, and not restricted by any so called "blue laws."

Perhaps I might seem to be a prude but many things done on Sundays and holidays are unnecessary and are in extremely bad taste, such as some bars being open last Christmas Day.

Our need is for sensible legislation, equitable to all parties, con-law enforcement to preserve the laws enacted by the legislature.

Frederick J. Krauss,
906 Morris St.

"Trick Or Treat" Season

I notice that another of our traditions is being taken away from us. What harm does it do to enjoy a little trick or treat? When I was young, and the mayor, too, we used to go out a week in advance and have fun.

Little children are disappointed by only one day being proclaimed "trick or treat" night. By the time the city's Halloween parade is over, there will be little or no time left for their canvassing.

Next year let's have a couple of days for the "kids," and grown-ups, too.

Robert Whitcomb,
758 Superior Ave.

Editor's Note: City officials changed their minds after the first announcement of one night for Halloweening. "Trick or treat" was observed Tuesday and will be tonight also.

"Official Business" Mail?

The 18th Congressional district post offices must be kept extra busy keeping up with the recent flood of "official business" mail from the Washington office of our incumbent congressman.

Most of this campaign literature is marked "not printed at government expense." Maybe this is so

but the office staff doing the work is paid with taxpayers' dollars. An even greater expense to taxpayers is the free postage for so-called official business, public document mail.

Other than objecting to the free mail privilege, I was not offended to receive a cookbook prepared by the Department of Agriculture in one mail and a picture of the Hays family on the White House lawn in another, but I do object to the official mail received Oct. 26. It contained a reprint of the Sept. 13 Congressional Record extending the remarks by Rep. Wayne E. Morgan, Democrat from Pennsylvania, telling how "The Nation Needs Wayne L. Hays."

My first reaction is summed up by that old phrase "ain't love grand." On second thought, is this the same Mr. Hays mentioned in Life magazine about certain members of Congress and their expense accounts? Hays and Morgan evidently agree on most legislative matters for their voting records are both graded 90 per cent for legislation by the left-wing ADA.

Dear Ann Landers: Last night hile walking down the street my wife and I saw a group of teenagers appear out of nowhere and suddenly attack another youth. They beat and kicked him unmercifully. This was done without provocation as nearly as we could determine.

I wanted to go to the assistance of the victim but my wife hung on to my arms and pleaded with me to stay out of it. In a few minutes the police arrived. Now I'm not certain I did the right thing. Perhaps I should have broken away from my wife and at least attempted to help the boy.

My wife insists I should not have become involved. She claims a man's first duty is to his wife and family. If I had become seriously injured or crippled in that fight, she pointed out, it would have produced real problems for her and the children.

We both agree there is a question of morality involved. We would like your opinion.—DOBBS FERRY, N.Y.

Dear Dobbs Ferry: Since Cain slew Abel, man has been faced with this ethical dilemma. It boils down to the simple proposition: Should I volunteer to help my brother at the risk of endangering myself?

I say yes. This is the fundamental concept of brotherly love. Man cannot safely ignore the indignities and injustices about him for the sake of saving his own skin.

My wife insists I should not have become involved. She claims a man's first duty is to his wife and family. If I had become seriously injured or crippled in that fight, she pointed out, it would have produced real problems for her and the children.

We both agree there is a question of morality involved. We would like your opinion.—DOBBS FERRY, N.Y.

Dear Dobbs Ferry: Since Cain slew Abel, man has been faced with this ethical dilemma. It boils down to the simple proposition: Should I volunteer to help my brother at the risk of endangering myself?

I say yes. This is the fundamental concept of brotherly love. Man cannot safely ignore the indignities and injustices about him for the sake of saving his own skin.

Every day each of us faces

risks involved in the daily business of living. Even the lowly turtle must stick out his neck if he is to make progress.

Forgetful Borrower
Dear Ann: My fiancé is wonderful but he has a bad habit and I don't know how to cure him. He borrows \$10s and \$20s and forgets to pay me back. I'm a nut when it comes to details and I keep track of everything. He owes me \$140.

It's not the money I care about, Ann, it's the idea that he doesn't see anything wrong in forgetting to pay his debts. I'm sure if he does this with me he must do it with others. This is bad for a person's credit and it also hurts his reputation. He makes good money but he doesn't know where it goes. How can I help?—MOLLIE.

Dear Mollie: If you don't cure him before marriage the problem will be an active volcano after marriage — erupting periodically and causing serious trouble.

Ask your fiancé to give you his check and suggest he live on an allowance. (When money disappears into thin air it means there is no budgeting and borrowing is inevitable.)

Next, ask for a list of his debts and start to pay them. You sound like the best thing that ever happened to him. I hope he appreciates you, Doll.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Salem News, enclosing a envelope.

Job's Daughters held their semi-annual inspection Monday evening at the Masonic Temple. Miss Sandra North, honored queen, presided in the presence of approximately 90 relatives and friends of the members. "Humility" the queen's motto, in large purple letters on white, formed the background of the stage.

Mrs. Bonita Ochsner of Strongsville, grand guardian of Job's Daughters of Ohio, was the inspecting officer.

The choir, directed by Mrs. John Schnader, sang "Pat h of Prayer".

Twelve candidates who joined the order and received the initiatory ceremony were, Susan North, Sherri Toot, Dree Dickey, Vickie James, Wavelene Dixon, Susan Rupp, Debra Faulk Nancy Kauffman, Linda Rupp, Dixie Cross, Wilda Krider and Linda Lee Evans.

Guests introduced were Mrs. Agnes Bryant of Canton, vice grand guardian; John Hall, grand interguard, and Miss Betty Wilson, grand 4th messenger, both of East Liverpool; Miss Gerri Goodman of Youngstown and Miss Gloria Dell Tritten of Lisbon, past honored queens.

The collection taken at the meeting is given to the grand guardian's project for the year, which is an educational loan fund for Job's Daughters.

A reception was held in the dining room, with Mrs. George North, the honored queen's mother, as hostess, assisted by Mrs. Arthur Tritten, and Mrs. Ralph Boso.

The refreshment table, covered with a white cloth, was centered by a large "lazy Susan" full of doughnuts and on either side were white and gold lighted tapers. At one end of the table was a basket overflowing with pumpkins, gourds, corn, straw, fruits and vegetables, completing the theme of autumn and harvest time.

Mrs. William Baker is guardian and Hoyt Sexton is associate guardian of Bethel 48.

APPROXIMATELY TWO hun-

dred and fifty attended the Wayne School and Home League's fall festival at the school Saturday evening.

Masquerade costume prizes were awarded to Kim Weston, Lennie Dailey, Barbara Anderson and Diane Thompson.

Dear Gals: A hint that we have been testing for two weeks is putting onions in the refrigerator, and leaving them for a few days . . . then cutting them to see if they smell. Don't think that this is a screwy idea, because it absolutely is not! At the time, I thought this woman was in the same category as I was—got up from my desk, went in the kitchen and grabbed two onions from under my sink, put them in the refrigerator, and left them for two days. (And my family thought this was a screwy idea too!)

However, two days later we cut the onions half-in-two with a knife, and tested them. No one could smell any onion odor on the cut onion!

Then we decided to cut them up fine—such as when we make spaghetti—and see if they smelled then. Do you know that none of had tears nor could any of us smell any odor?

However, we have decided that there is no need to overload your refrigerator with a whole bag of onions, because we do not use a whole bag of onions at one time.

When you buy a bag of onions, put them in your cupboard. But take two onions and store them on one of the shelves of your refrigerator. Then, when you get ready to cut onions, use the cold onions.

As an afterthought, when you take these two onions from your refrigerator to use in whatever you are preparing . . . grab another onion or two from under your counter and throw them back into your refrigerator.

Remember, tomorrow will come. Let's be prepared for it and save those onion odors, not only from our eyes, but on our hands.

FICTION

THE RESTLESS LAND by John H. Culp. Although this is the story of a Texas cowboy who lived shortly after the Civil War, it is far from being a typical Western. The history behind the events has been carefully researched, the characters are true to their time and place. The main character is 15 at the time we meet him. He becomes a cowboy, is involved in cattle drives, Indian raids and tells much about things that he is not directly connected with.

CORONATION by Paul Gallico. A British working family decides to see the Queen instead of taking their annual holiday. Their costly tickets turn out to be fakes and Mr. Gallico shows deep understanding of British spirit in the way they take their disappointment.

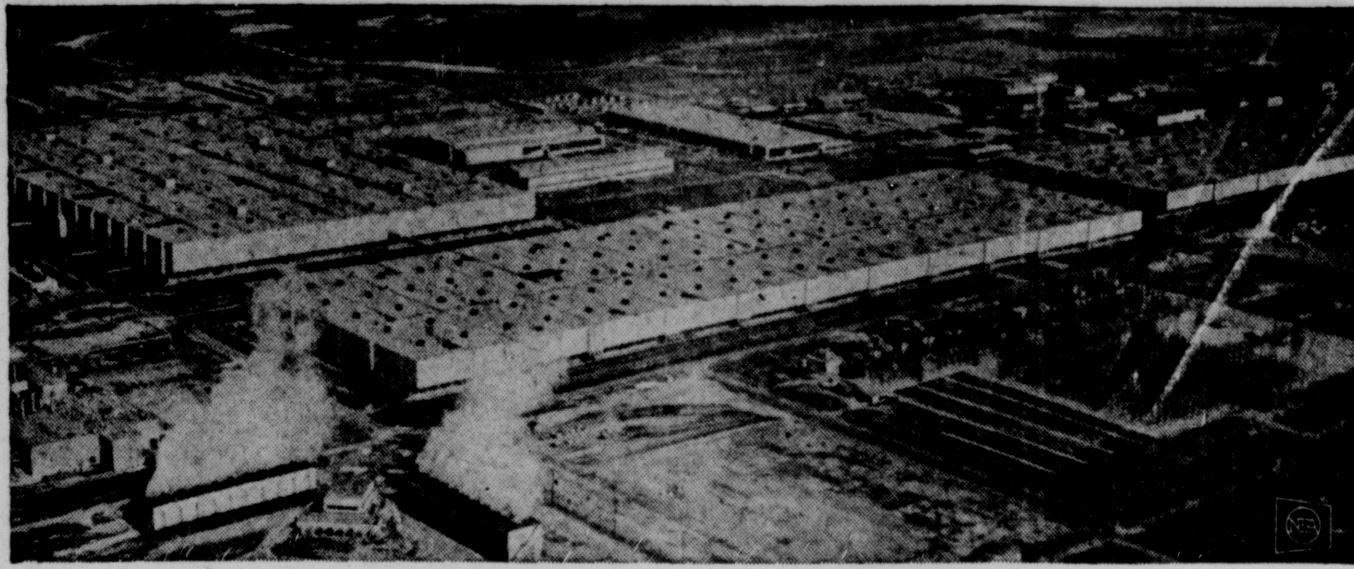

TO THE CORAL STRAND by John Masters. This is one of the best stories John Masters has

written to date. We meet again the Savage family of Bhowani Junction, and with them live through the Independence of India, and the tragic realization that India which has been their home for generations now as no place for them.

FAR FROM HEAVEN by Morris Raymond. Another view of English working-class life, this is of a coal town in the north of England. A young miner is jilted by the girl of his choice, takes his revenge, and suffers the consequences.

THE DOCTOR'S STRANGE SECRET by Elizabeth Seifert. A new story about doctors by this popular author on the subject is always welcome. She seems to be most adept at finding new twists and problems to be solved. This one portrays a week of suspense in the life of a doctor and the girl who loves him.

SCORPUS THE MOOR by Les-

ATOM FACTORY—One of the largest industrial complexes in the world is devoted to making the smallest things in the world—atoms. Aerial view shows the 220-acre Goodyear Atomic Corp. near Portsmouth in southern Ohio, where Uranium-235 is produced. This is the primary source of nuclear energy. Beginning its second decade of highly classified operations, the plant has provided \$86 million of

enriched uranium for the Atomic Energy Commission for peaceful uses in medicine, agriculture and industry. One of its customers is the new U. S. Savannah, world's first atomic powered merchant ship. The plant uses the gaseous diffusion process and is the newest, largest and most modern of three such plants in the country. The site has 22 miles of railroad tracks.

lie Turner White. Laid in Rome during the reign of Nero, this is the adventures of a young man who manages to evade death and gain prominence in spite of being accused of murdering the son of one of Nero's favorites.

THE MONKEYS by G. K. Wilkinson. Hilarious things happen when a Provincial bachelor decides to employ monkeys to pick his olive crop. The book has good descriptions of the country and people in addition to providing a lot of fun.

STORMS OF OUR JOURNEY by David Walker. A collection of seventeen of this author's best short stories, most of which have appeared in Saturday Evening Post. Some are laid in Scotland (his home), some in India and at least one in the Arctic.

THE FEW AND THE MANY by Hans Sahl. This is a forceful presentation of the plight of a large group of German intellectuals who fled Germany in Hitler's time because they could not endure to live under such a regime. He brings out that it is not so much what they endured but the simple fact of homelessness that is the worst to bear.

DEVIL'S YARD by Ivo Andric. A 1961 Nobel Prize winner tells a story of universal application with brevity and clarity. It is set in the exercise yard of the prison from which its title comes, the story of one man's fate, his struggles, hopes and disappointments, sometimes his small victories.

NON-FICTION
WORSHIP SOURCEBOOK FOR

YOUTH by Couch and Barefield. Here are detailed program suggestions for conducting worship in almost any kind of church-sponsored meeting. Included are such activities as choir rehearsal, camping, dinners and banquets and parties. Another section deals with worship programs for special occasions and holidays.

THE CATHOLIC PRIEST by Jack Engeman. An account of the course of teaching and training for the priesthood, illustrated with 250 photographs and containing a foreword by Richard Cardinal Cushing, Archbishop of Boston.

THE RELATIONS OF NATIONS by Frederick H. Hartmann. After a recapitulation of background factors, the author analyzes and classifies the various kinds of relations that nations maintain with one another. A most helpful guide for those who wish to increase their understanding of international relations.

FIRST-YEAR MATHEMATICS FOR COLLEGES by Paul R. Rider. This is not a new title, but one which has been lacking in this library recently, and frequently needed. It has a review of algebra, factoring, fractions, then takes up rectangular coordinates, functions and graphs. It then goes on through logarithms and trigonometry and discusses curves and segments in space. It contains answers to problems.

1001 QUESTIONS ABOUT EARTH SCIENCE by Richard M. Pearl. Concise and accurate information about a great many subjects such as volcanoes, mountains, glaciers, ancient lands and seas, prehistoric plants and animals.

EVERYMAN'S ARK edited by Sally Patrick Johnson. A collection of stories about animals, from various times and places, their common element being that they are all personal - experience stories about relationships between animals and people.

SEEING WITH PENCIL AND

BRUSH by Arthur Zaidenberg. Those who like to study at the directions of this artist - teacher - writer will welcome a new title, for his texts are always filled with his own deft sketches and drawings.

I REMEMBER AMERICA by William E. Bohn. Mr. Bohn is a native Ohioan who has taught English, was director of the Rand School of Social Studies and more recently a magazine editor. This is a collection of essays about a great many different things, but all expressing his own feelings about people, places and things.

UNDERSTAND AND ENJOY MODERN ART by George A. Flanagan. A new and revised edition of a 1951 title which makes a study of the developments in art from the Impressionists through 1959.

MODERN KITCHENS by Sunset magazine. Fifty-nine kitchens, varying in size and arrangement for as many different needs and desires.

THE QUOTABLE MR. KENNEDY edited by Gerald C. Gardner. The twelve short chapters of this slim volume are arranged by subject. Although the content is interesting, two bad faults make it almost useless as a book of reference - there is no index, and no sources are given for any of the quotations.

PEAKE'S COMMENTARY ON THE BIBLE edited by Matthew Black and H. H. Rowley. A standard commentary revised to correspond with the Revised Version of the Bible and containing contributions from representatives of every Protestant denomination, according to the publishers. Although clear, the print is very fine.

The Greek philosopher Archytas, who lived in the 4th century B.C., considered the rattle "an admirable invention" to amuse children and keep them from breaking things in the house.

necessary:

that's the way people feel about their daily newspaper.

Add another staple to food, clothing, shelter, the daily newspaper.
It's that basic.

Nearly everyone reads it (99 million people on an average weekday)

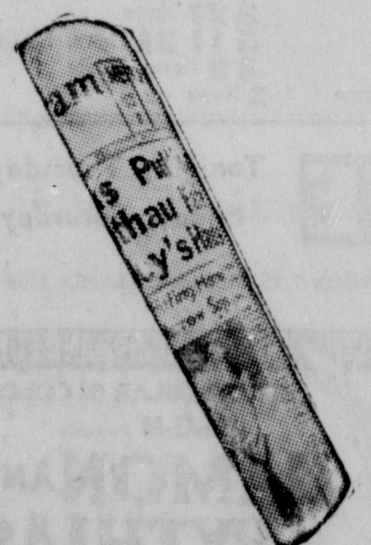

They read it thoroughly, page by page (71%)

Would feel lost without it or miss it (79%)

They clip it (editorials 53%, ads 28%), quote from it (65%).

And 99 million consumers wouldn't have it any other way — an ever-changing diet of news and events, freshly packaged, eagerly consumed, thoroughly digested, completely welcome, The Daily Newspaper.

Note: 53% clip from editorial items, 28% clip from ads in a three month period.
65% quote from the newspaper in the past month.

The Doctor Says

By Dr. WAYNE G. BRANDSTADT

Health Questions And Answers

Q—I have been taking chiropractic treatments for my nerves and ever since I started this treatment I have been losing weight. I lost 15 pounds in the last three months and I was not overweight to start with. What should I do?

A—Although chiropractors have been known to help persons with certain ailments, they are not skilled in the recognition and treatment of all diseases. Because rapid loss of weight is one of signs of cancer, you should have a thorough examination by a physician to determine the reason for this loss. In the case of cancer and many other conditions, effective treatment can be given only if an early diagnosis is made and the most appropriate treatment applied.

Q—About two years ago my first baby was stillborn because it had a small head. Recently I delivered a baby that had water on the brain. It did not live. There is no record of abnormal births in my family or my husband's. If I become pregnant again what are the chances that I will have a normal child?

A—Authorities who have studied this problem say that if a couple have two malformed children the third may be normal but the chance that it will also be malformed are greater than for the average married couple.

Whether you should take this chance is not an easy matter to decide. It is a personal matter and is up to you and your husband.

To Love a Monster

By HAL BOYLE

NEW YORK (AP)—I like Halloween. In a fearful time it is one scare you can count on.

To an untidy middle-aged person, life becomes a kind of constant halloween, encumbered by ghostly restraints that point spectral fingers of warning against any vision of plenty.

One is educated also to a growing fear of the knock on the door.

You aren't really frightened. You are usually bored. When you answer the door, you don't feel that any hard-muscled men will be waiting there to pull you toward the incinerator—or at least warn you to pay an overdue bill.

No, alas, the man who raps upon your panel is likely either to try to sell you life insurance or a children's encyclopedia, or remind you it is time to vote for the politician of his choice.

I have learned never to admit a political partisan into my apartment near election time.

As to life insurance and encyclopedia salesmen, they hold for me neither terror nor adventure. I am absolutely overbought in those fields.

But along about now I really enjoy answering the door. We also enjoy building up stock of candy to reward the query: "Trick or treat."

Once when I was younger, I replied, "There's no treat here. What's your trick?"

The child squirmed unhappily. He knew no trick. Then I squirmed too. Sticky wicket.

Children today would rather be feted than play pranks. Probably it's better that way. Maybe.

When the thunder of childish fists beats a tattoo on our door tonight, I know it will open to admit a motley crew of costumed chools and beasts.

Our cat, Lady Dottie, is bound to go up and rub herself against

band. If you decide not to take the chance, you might register with a reputable adoption agency, one recommended by your doctor or your church.

Q—What is the cause of bursitis? Is there any cure for it?

A—A bursa is a sac filled with fluid and attached to a large tendon near a major joint to minimize friction. Bursitis or inflammation of the bursa may result from prolonged strenuous use of the adjacent joint and, if the bursitis becomes chronic, the pain is aggravated by the deposition of calcium.

Removal of the bursal fluid through a needle and injections of hydrocortisone into the bursa may afford relief. Ultrasound has helped some persons. In general, X-ray treatment and open operation are not advised. Even though the region is painful, movement of the joint through the full range several times daily is essential to prevent stiffening.

Q—I had an attack of shingles on the right side of my chest five years ago. Ever since, I have had a pain in my right arm—very severe at times. My doctor has given me ACTH, cortisone, salicylates, vitamin B-12, procaine, and other drugs in tablets and in shots but I still have the pain. Is there any other treatment?

A—The few persons who have persistent pain after an attack of shingles usually have a hard time to get relief. When blocking the painful nervous impulses with procaine and the other forms of treatment fail, a surgeon is sometimes called in to cut the involved nerve. The success of this operation depends on correctly locating the offending nerve and severing it completely.

Reilly PTA Fair Chairmen Named

County has no facilities at this time for either the prevention or treatment of mental health problems.

The attendance flag was won by the third level primary. Coffee and doughnuts were served by the fifth grade room mothers.

The next meeting will be at 7:30 p.m. Nov. 27, when open house will be observed.

SHOW SET SATURDAY

Carroll County Home Demonstration Groups will hold their annual Christmas-at-home show Saturday from noon until 9 p.m. at the Carrollton Junior High School, according to Floyd Lower, Columbiana County extension agent. Displays and demonstrations will be put on by the groups. The affair is open to the public.

A new film projector will be purchased by the organization to be used primarily in the mathematics and English classes.

The principles of the PTA were reviewed by Mr. Cobourn.

Guest speaker for the evening was William Weir who talked about mental health, comparing the views of today with those of 40 years ago on the subject. Mr. Weir mentioned that Columbiana

Elkrun Grange met recently at the Grange Hall. A short Halloween program was given, followed by games and lunch.

Columbiana County Horse Puller's Association was given permission to rent the hall for a supper Nov. 17.

The group will meet Nov. 9 at the home of Mr. and Mrs. Ralph Moore.

Winter officially begins Dec. 22.

Five High School Gridiron Clashes Slated for Friday

3 Tri-County Tilts on Tap

Louisville To Be Hosted by Lisbon

By LYNN BROWNE

With Lowellville and Warren St. Mary's having already sewed - up at least first place ties in the Inter-County League and Turnpike Conference, respectively, and Louisville virtually assured of copping the Tri-County League crown, loop frays for the rest of the season will be anti-climatic.

Three league contests are on tap Friday night in the Tri-County loop with only two other non-league games slated to make it the calmest Friday night - football speaking - since the season opened over two months ago.

Coach Bud Bucher's Lisbon Blue Devils, who at one time were considered dark-horse contenders for the league flag, will have to play the best football they have played all season if they expect to down the invading Columbiana Clippers and halt a two-game losing streak.

The county-seaters were embarrassed 54-8 by Louisville two weeks ago and beaten by Leetonia 13-8 last week while the Clips bowed to Louisville's state-ranked Leopards 20-8 last Friday for their first loss of the season.

Elsewhere in the league, Leetonia will entertain Sebring and Louisville will play host to the East Palestine Bulldogs.

Leetonia is currently tied with Lisbon for third place with a 3-3 mark while Sebring is seated firmly in the cellar with an 0-4-2 record.

Minerva and Poland, the only other teams in the league, will clash Saturday at Poland. Minerva, with a 2-2-1 loop mark is fourth place in the standings with the East Palestine crew close behind with a 2-3 record.

The only other games on tap for Friday are the East Liverpool-Salem clash and the Wells-Ville-Springfield Local tilt.

The Potters will invade Reilly Stadium at 8 p.m. to battle Coach Blaine Morton's Quakers and avenge a 1961 setback. Salem will be seeking its sixth victory in nine appearances.

In Inter-County loop action Saturday, the Lowellville Rockets should have little trouble dominating winless North Lima and repeating as league champs. In another loop contest, Coach Dave Habegger's Crestview Rebels, currently in the number three position will entertain the fifth-place Greenford Bobcats.

Over in the Turnpike Conference, Ray Russell's United Local Golden Eagles will travel to Springfield Local of Mahoning County and Jackson - Milton will take on league-leader Warren St. Mary's.

In other games Saturday involving area schools, the West Branch Warriors will battle Canfield at Salem; McDonald's Blue Devils will entertain Thompson; and Salineville will be at Chester, W. Va.

NCAA Drops Suspension On Kansas

NEW YORK (AP)—The policy-directing council of the National Collegiate Athletic Association winds up its annual fall meeting today with probationary action against several member schools expected.

At least two and possibly three cases of probationary action were reportedly scheduled by the council, which Tuesday night restored the University of Kansas and East Tennessee State College to full rights and privileges.

Kansas had been on probation for two years following violations of NCAA rules involving excessive entertainment of football star Bert Coan and a gift of an automobile worth some \$1,500 to former Jayhawks' basketball All-America Wilt Chamberlain.

The one-year probationary period of East Tennessee State for violations of basketball recruiting and tryouts also was terminated. Walter Byers, executive director of the NCAA, emphasized in announcing the termination of the probationary periods for Kansas and East Tennessee State that the report of the committee on infractions had not been completed.

Hope To Reverse Earlier 35-7 Drubbing

Browns Entertain Powerful Eagles

CLEVELAND (AP)—A burning memory of their worst beating this year could be the Cleveland Browns' best weapon against the Philadelphia Eagles here Sunday.

The Eagles' only victory in seven starts has been over the Browns, 35-7. Since that time, the Eagles have lost four games while Cleveland has won three and lost one. However, Philadelphia ranks third in total offense in the National Football League with 2,492 yards. Cleveland is fifth with 2,240.

It's likely the Browns want to beat the Eagles with a fervor, not only in retribution, but to keep their momentum and stay alive in the title race.

The Browns will have to contend with quarterback Sonny Jurgensen and his favorite target, Tommy McDonald. McDonald has caught 39 passes this year to tie for the NFL lead with Washington's Bobby Mitchell, and has accounted for 682 yards and five touchdowns.

Jurgensen, who completed 18 of 24 pass attempts for 265 yards and two touchdowns against Cleveland, is sixth in the NFL with 10 touchdown tosses and an average of 5.67 yards a throw.

Auerbach Ejected As Celtics Lose

ST. LOUIS (AP)—This is anew National Basketball Association season but an old story was repeated Tuesday night when Boston Celtic Coach Red Auerbach, threatened and taunted by St. Louis Hawk fans, blew a fuse and charged into the crowd.

The fiery Auerbach, who often before has warred with the St. Louis partisans, was leaving the floor after being automatically ejected following his second technical foul in the 98-97 St. Louis victory.

Cries of "you lousy bum," profanity and threats followed Red along the court and, unable to stand it any longer, he surged into the crowd. He was followed by most of the Celtics.

He and the Celtics claimed no blows were struck but he wound up with a sprained and cut left thumb, a skinned right knee and dust-stained trousers.

Auerbach said he fell over a chair. He told The Associated Press: "It was like walking through a

Sophomore Chosen Over OSU's Armstrong

Northwestern's Joe Szczecko Picked Lineman Of the Week

By TED MEIER Joe Szczecko, Northwestern's 235-pound sophomore tackle, was named the college football lineman of the week by The Associated Press today.

It was Big Joe's sparking play up front that played a major role in Northwestern's 35-6 victory over Notre Dame last week, a triumph that lifted the Wildcats into the No. 1 national ranking in this week's AP poll.

Szczecko's jarring tackle of Ed Rutkowski on the first running play of the game made the Notre Dame back fumble. Larry Benz recovered for Northwestern on the Irish 29—and eight plays later the Wildcats had their first touchdown.

Under Northwestern's lineman rating system, Big Joe was tops. He was given 79 per cent on his offensive assignments on running plays and 84 per cent on his blocking for passes.

High up in the voting by sports writers and broadcasters were Frank Patitucci, Stanford end; Ron Snidow, Oregon tackle and Billy Joe Armstrong, Ohio State center.

Patitucci, a 213-pound junior, started Stanford on the way to its upset 17-7 victory over UCLA by grabbing a fumble and running 82 yards for a touchdown. His smashing in tactics made him a standout on defense.

Snidow, a 235-pounder, made 11

sion of Louisiana State University.

In recent years Mississippi's Rebels generally have found the LSU Tigers more than they could handle. But this time the situation will be reversed with Glynn Griffing's passes dominating over Jerry Stovall's over-all play.

That's the big pick in this week's college football selections. Last week the figures were 42 correct, 10 wrong for an .808 average.

Other picks:

Ohio State over Iowa: The Hawkeye attack consists primarily of passes and the Ohioans have many anti-aerial guns.

Northwestern over Indiana: Tom Myers, Northwestern's brilliant sophomore passer, has completed two-thirds of his flips and has averaged two aerial touchdowns a game.

Alabama over Mississippi State: The Crimson Tide's defense is stingy.

Southern California over Washington: The home field gives the Trojans a slight edge.

Texas over Southern Methodist: The Texas Longhorns work out their frustration of last week's tie with Rice at the expense of the Mustangs.

Michigan State over Minnesota: Only one team has been able to score on Minnesota this season but the Spartans love that kind of a challenge.

Arkansas over Texas A&M: Billy Moore is the reason.

Auburn over Florida: The re-modeled Auburn machine in perfect working order.

Missouri over Nebraska: Both are unbeaten but the Cornhusker defense not on a par with the Tigers'.

Penn State over Maryland: Few teams have two such good halfbacks as Penn State's Roger Kochman and Al Gursky.

Georgia Tech over Duke: Tech followers can't decide which of their two tackles, Dave Watson or Rufus Guthrie, should be the No. 1 All-America candidate.

Salem Will Hold Initial Cage Practice Thursday

Cabas Expects 60 For First Session

By MARK W. MILLER
News Sports Editor

Basketball sounds its first whistle when coach John Cabas assembles 60 prospects at the initial practice at Salem Senior High gymnasium Thursday at 3:30 p.m.

The Quakers will begin drills for one of the toughest schedules in the history of the school.

Salem opens its season against Columbus East at home Dec. 7. The Quakers will play 18 games during the 1962-63 campaign.

The card will include contests with six of the Ohio Big 8 Conference teams, plus a battle with defending Class AA district champion Youngstown South, Jan. 11.

CABAS, WHO WAS appointed first vice president of the Ohio High School Basketball Coaches Association last week, pointed out that no one had a varsity job nailed down this year.

He would like boys who have never played basketball in the grade school or junior high level to try out for the squad.

"Some of our outstanding players in the past never went out for basketball until their sophomore year then went on to star," Cabas declared.

He named Bill Pauline, John Sturgeon, Lou Slaby, Butch Platt and Moe Meissner as a few of the

outstanding boys who made the varsity squad that never performed in junior high.

UNDER CABAS' tutelage the past 12 years, Salem has had only one losing season. He guided the 1959 team to the state finals at Columbus and lost the championship game 70-55 to a great Cleveland East Tech squad.

His coaching record is recognized throughout the country and many of the nation's leading universities and colleges grant Salem's cage stars scholarships for their athletic and academic ability.

Salem will play 13 home games this season and five away.

THE HOME SLATE includes Columbus East, Dec. 7; Cleveland John Adams, Dec. 26; Akron North, Dec. 28; Girard, Jan. 4; Akron East, Jan. 5; Ravenna, Jan. 12; Niles, Jan. 18; Wellsville, Jan. 25; Akron South, Jan. 26; Youngstown South, Jan. 29 Boardman, Feb. 8; Youngstown East, Feb. 12; and Canton McKinley, Feb. 16.

The Quakers will travel to Parma Valley Forge, Dec. 15; Massillon, Dec. 21; Warren, Jan. 11; East Liverpool, Feb. 1; and Alliance, Feb. 9.

Salem Will Compete In State Finals Next

Quakers Whip East Liverpool, Leavittsburg In Track Meet

Salem High School warmed up for the State Cross Country Meet at Columbus Saturday with a convincing victory in a triangular meet at East Liverpool yesterday.

The Quakers' two-milers took second, third, fifth, sixth and 13th place to whip the Potters and Leavittsburg 31-46-48.

Burt Bush of the Yellowjackets, won the race in 9:30.

East Liverpool copped its district title last Saturday, while Sa-

lem gained a district championship at Boardman. Leavittsburg was second to the Quakers.

All three schools will compete in the state finals.

Gary Hasson was second for Salem. He was timed in 9:41. Bill Carter finished third beating the Potters' Bruce McCoy by a step in 9:46. John Tarleton was fifth, Ken Krause, seventh and Tom Pim 13th.

It is the fourth straight victory for the hard working Salem squad. Many of the schools this season held as many as 20 meets.

East Liverpool runners who placed include McCoy, Burt Battestelli, ninth; Dick Deam, 10th; Roger Linville, 11th and Ken Ingram, 12th.

Boys who finished the race for Leavittsburg included Jessup, seventh; Tabor, eighth; Garner, 14th and Good, 16th.

Leetonia Sportsmen Club Meets Thursday

The Leetonia Sportsmen's Club will hold a special meeting at 8 p.m. Thursday at the club house on E. High St. Any man or woman interested in good sportsmanship is invited to attend this meeting.

In the past, the Sportsmen's Club has cooperated with farmers in this area as well as in other areas. The club has had trap shoots, turkey shoots, movies on fishing and hunting and many other activities.

Plans have already been made for the dredging of Cherry Valley Lake. When this project is completed the lake will be stocked and there will be a picnic area for members and their families.

Lunch will be served by James Rance, Walter Rohrer and C. Crothers.

Cepeda's Eye Is OK; Mays Is In Hospital

SAN FRANCISCO (AP) — San Francisco Giant slugger Orlando Cepeda is all right, and teammate, Willie Mays is still in a hospital.

First baseman Cepeda was told Tuesday after a 1½-hour eye examination that he does not have a vision-impeding cataract over his right eye as he feared last week.

Center fielder Mays, who collapsed in September and spent three days in a hospital, entered Mt. Zion Hospital for several days of tests that doctors say will comprise a complete physical examination.

Giants' ophthalmologist Dr. George Campion examined Cepeda and said his right eye has normal 20-20 vision and his "superb left eye" is 20-15.

OUT OF DOORS with Field & Stream

By RUFUS LIDE

When a fisherman catches any fish larger than the official record it is quite an achievement. But when a fisherman breaks the official record by catching two fish larger than the official record, that's something you won't hear about very often.

The official record for a black crappie stands at 2 lbs. 2 oz's., measuring 16 in. in length, that is until Wm. W. Prudner of 713 Sunset Drive, Lisbon, landed two blacks, one measuring 16¾ weighing 2 lbs. 8 oz. and the other 17¾ in. weighing 2 lbs. 12 oz's. Both fish were taken at the Ernest Tritton farm pond off Rt. 172 west of Lisbon, last May 16th. The fish are in the deep freeze at the Tritton home although the insides have been removed.

A wedge of 13 Canada geese were circling Lake Guilford Saturday preparing to land when two large transport planes, flying very low, passed over the lake and the geese headed east. At least a few of us got to see them and they were honking away with that spin-tling sound that means one thing, winter is on the way.

Negroes Widen Quest For Elective Offices

By The Associated Press

Negroes are widening their quest for elective office in the United States. They stand to make gains in the Nov. 6 balloting.

Connecticut will elect a Negro to statewide office for the first time. Each major party nominated a Negro for state treasurer.

California will have its first Negro congressman in another all-Negro contest.

New York and Massachusetts have Negroes running for statewide office—New York for the

first time.

Negroes, many of them incumbents, are running for local or district offices, such as assemblymen, in numerous states.

The Deep South state of Georgia is slated to have a Negro in its legislature for the first time in more than a half century.

Leroy Johnson, an Atlanta Negro attorney, defeated three white candidates for the Democratic nomination to the state Senate in a newly delineated district. He will run in the general election

against T. M. Alexander, a Negro who was unopposed in the Republican primary.

In Connecticut, Gerald A. Lamb, a dental technician, is running for state treasurer on the Democratic ticket and William D. Graham, a lawyer, on the Republican. They were the first Negroes nominated for statewide office in Connecticut.

Lamb is a native of Elizabeth City, N.C., and Graham is from Montgomery, Ala.

Also in Connecticut, Wilfred X. Johnson, first Negro ever elected to the state legislature, is seeking his third two-year term as a state representative. He is a native of Dawson, Ga.

In California's 21st congressional

district in Los Angeles County, the Negro opponents for the House of Representatives are Assemblyman Augustus F. Hawkins, Democrat, and Herman Smith, an attorney, Republican. The district is heavily Democratic.

Three Negroes are assured of election to the California Assembly in all-Negro contests. Three will be a new high, compared with two at present. California has had at least one Negro in the assembly most of this century. Hawkins has held his post for 28 years.

New York's first Negro candidate for statewide office is Edward R. Dudley, Manhattan borough president, nominated by the Democrats for attorney general. James L. Flounroy, a Los Angeles Republican Negro, is running for one of four elective seats on the State Board of Equalization but is rated little chance of success.

Dudley, born in South Boston, Va., faces an uphill fight against the incumbent, Republican Louis J. Lefkowitz, who is running on Gov. Nelson A. Rockefeller's ticket.

In Massachusetts, Edward W. Brooke, a Negro, is the Republican candidate for attorney general. A poll of Bay State publishers, editors and political writers indicated he has a good chance to defeat Francis E. Kelly, his Democratic opponent.

A Chinese scholar estimated that his people had domesticated swine in about 2900 B.C.

In the Service

Airman I.C. Charles L. Sanders of Beloit has completed the Air Force technical training course for nuclear weapons specialists at Lowry Field, Colo.

Sanders, son of Mr. and Mrs. Wallace Sanders, is being reassigned to a permanent base for duty in his new technical specialty.

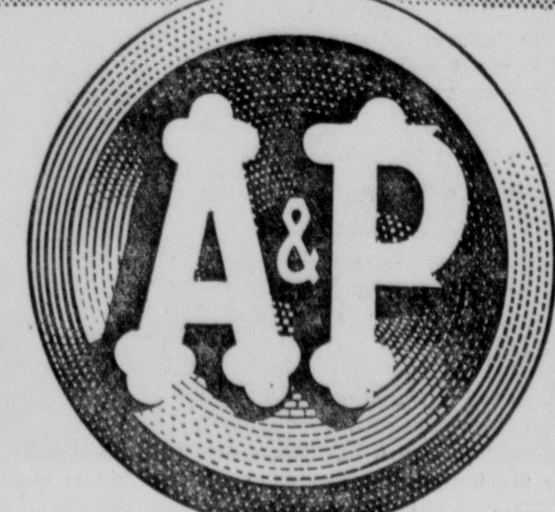

A graduate of Beloit High School, he is married to the former Helen D. Coffey of Stewart Road, RD 3, Salem.

It is estimated that Americans use about 400 million cans of food each week.

Apples Spark This Autumn Salad

Use up the fresh-tasting new crop of apples in your favorite salads — add apple to any chicken, or fish, or meat salad. Add apples to vegetable salads and chopped apples to gelatine salad mixtures — the flavor is the best of the autumn.

And here's a new salad, hearty and filling for the youngsters as well as adults at your table.

1 lb. elbow macaroni, 1/2 cup broken walnut meats, 1 cup sliced celery, 1/2 cup bottled Italian salad dressing, 3/4 cup mayonnaise, 2 tablespoons minced onion, 1/2 teaspoon oregano, 2 red apples. Romans, crisp and chilled.

Cook elbow macaroni in boiling salted water until tender; drain; rinse with cold water; chill. Combine macaroni, walnuts and celery.

Blend salad dressing and mayonnaise; add onion and oregano; mix well. Core apples; slice thin without peeling; add to mayonnaise mixture. Add to macaroni mixture; toss well. Line salad bowl with romaine. Add salad mixture. Makes 8 servings.

Topics of Interest To Farmers; Notes About Meetings

WASHINGTON (AP) — Growers of American flue-cured tobacco probably won't be affected by a decline in cigarette exports from the United Kingdom during the first half of this year, an Agriculture Department spokesman says.

The British cigarettes are made with American flue-cured tobacco. British exports totaled 12.5 million pounds the first six months of this year, compared with 14.9 million shipped in January - June 1961.

A reduction in English cigarette exports, the spokesman said, will likely result in less flue-cured tobacco being sent to England, but this is expected to be largely offset by increases in American exports to other countries.

WASHINGTON (AP) — Australian meat production, particularly beef, is expected to increase in the years immediately ahead, the Agriculture Department says.

A major reason is expansion roads in Queensland and the Northern Territory, making it possible to market more cattle at earlier ages. A record number

of beef cattle was on farms in March. Meat production during 1961-62 showed a marked increase over the previous year.

Australia is this country's largest foreign supplier of beef and veal. Out of 70.5 million pounds of fresh beef and veal imported last August 31.2 million pounds came from Australia.

WASHINGTON (AP)—U. S. rice exports were up 52 per cent in August over the same month in 1961, the Agriculture Department reports.

Export in terms of milled rice were 862,000 cwt, compared with 567,000 in August 1961. Principal destinations were Indonesia, Ghana and other West Africa nations and the Republic of South Africa.

United School Plans Festival Saturday

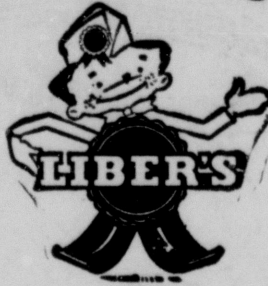

The United Local School annual fall festival will be held Saturday evening in the school.

Beginning at 7, the fair will feature booths, games and contests, climaxing with a record dance at 9 p.m.

In place of the S.S.A. Club we are going to start a new one. It is going to be called the Country Store Club. There will be various benefits for those who help us and we have so many people who are boosters for our unusual operation.

We feel we have an obligation to these good people. Without the help of so many of you we would not have been able to enlarge every year. Right now we are putting on another small addition, the third this year.

Chest Drive Collection Is Low In Columbiana

COLUMBIANA—House to house soliciting for the Columbiana Community Chest campaign has so far raised \$1,474.60, several thousand dollars short of the \$7,200 goal set for this year.

Atty. C. Richard Fox, general chairman of the campaign, reported that this amount includes only part of residential Columbiana. The balance received from house to house soliciting will be turned in at the end of this week.

Business, professional and industrial totals are not expected to be ready for another two weeks. The campaign supports the Boy Scouts, Girl Scouts, Salem City Hospital, Salvation Army, Salem Central Clinic, Columbiana County Mental Health Association and local relief.

Robert Leonard is secretary of the drive and Tracy Powell is treasurer.

KIWANIS CLUB president Robert Powers announced the names of new committee chairmen at a meeting Monday. Their terms will begin in January.

Committees and their chairmen are: programs and music, Gus Isaksson; vocational guidance, Charles Linn; public relations, Dr. Russell Stryfeler; boys' and girls' work, Hubert Lawrence; agriculture and conservation, Ryan Snyder; support of churches, Dr. Dan Salchow; finance, Adin Kauffman; ways and means, George Huk; inter-club relations, William Miller; public and business affairs, Jack Kuhlman; attendance and membership, C. W. Furney; education and fellowship, Don Burklio; reception, Lloyd Crawford; house, Art Eddy; laws and regulations, Russell Barrow; and achievement report, Tracy Powell.

Dr. C. W. DeWalt was program chairman for the meeting. His topic was "Kiwani's Activities."

"OUR MAGAZINE"—Adventure in Friendship was the topic of Monday's program at Rotary Club meeting.

Robert Maurer, program chair-

man, narrated the history of "The Rotarian" and showed colored slides depicting Rotary's activities in 128 countries. "The Rotarian" magazine has a circulation of more than 400,000 copies in both English and Spanish editions.

Dr. Hubert Keylor was formally inducted into the club by George Seederly. Visiting Rotarians were David Edgerton, Charles McKenzie and Whitney Ingraham, all of Lisbon.

Next week Betty Jean Barber and Susan Crawford will show slides of the Girl Scout Roundup at Button Bay, Vt. Robert Williams is program chairman.

Man Found Guilty of Columbiana Burglary

LISBON — A jury deliberated over two hours before returning a verdict of guilty against William J. Johnson 30 of Campbell for the burglary of the J & E Record Shop in Columbiana last March.

The trial began Monday before Common Pleas Judge Joel H. Sharp who charged the jury late Tuesday afternoon. The jury returned the verdict at 10:30 a. m. today.

Sentence was deferred pending possible filing of an appeal.

The next trial will be the case of Miss Roberta C. Smith 36 of East Liverpool indicted by the recalled April Grand Jury in connection with the shortage of \$23,841.79 from water and sewage funds of East Liverpool. It is scheduled to begin on Nov. 13.

CITED FOR SERVICE

LISBON — Mrs. Virginia Mast of Leetonia RD and Joseph G. Reed of East Liverpool county service officers have been commended by the Columbiana County Council of American Legion for their "service to all veterans of Columbiana County and their dependents."

The citation was signed by Albert A. Hayes Jr. county commander and Richard Winegard county adjutant.

A MEAL IN ITSELF — Eric Bartchy, 10-year-old son of Mr. and Mrs. Gail Bartchy of Ellsworth Road, is shown holding the huge edible mushroom measuring 8 inches in diameter which he found recently behind the barn on the farm of his grandmother, Mrs. Mary E. Hollabaugh of the Ellsworth Rd. while helping his father move some fence posts. Eric is a fifth grade student in Mrs. Florence Ruggles' class at Goshen Center School.

Leyman

(Continued from Page One)

County Sheriff Ray T. Davis, they thought it was impossible for the prisoner to escape because they were guarding the only door. Sheriff Davis is considering suspension of the two deputies.

Leyman will be transported this afternoon from the Salem jail to the county jail at Youngstown to face charges of burglarizing two Mahoning County businesses. He is suspected of being an accomplice in the burglaries of the Cribley Food Market at Rosemont south of Route 18 and the Ferguson Fruit Market near Greenford.

The truck Leyman admitted stealing is the property of Arthur Boothe of 663 E. 6th St., Salem. The vehicle was taken by Leyman Tuesday morning at 4:30 after he returned to the city from his home following his escape. The 1950 Dodge truck had been parked at 517 E. 6th St.

He said he went to Shears Laundry on W. State St. and took a cracker - dispensing machine. Then he drove to a field north of Salem and ate the filled crackers, leaving the broken machine behind.

Still hungry, Leyman went to the Old Reliable Drive-In Restaurant at 1892 E. State St. and was apprehended by Salem Police Lt. Robert Kirchgessner and Patrolmen Donald Bradley and Richard Whinnery. He surrendered meekly.

Leyman gave himself up voluntarily to state highway patrolmen of the Canfield barracks last Wednesday after a five-hour search by a posse of officers in southwest Mahoning County. He was sought for violating parole and for questioning in the burglaries.

Leyman is also a suspect in the theft of some \$500 worth of guns and equipment from Ivan's Exchange Store at 1019 Liberty St. in Perry Township. Leyman's brother, Ted, 19, and a neighbor, James Baird, 18, both of Western Reserve Rd. also are suspects in this burglary along with the two in Mahoning County.

Ohio's 54 state parks and 506 lakes have a total area of about 70,000 acres.

dered from that country and it is coming according to schedule." He declined to discuss individual items such as the dozen jet fighters that India has ordered from the Soviet Union.

Since the Red Chinese launched their all-out offensive Oct. 20, the spokesman said, "We have been approaching all friendly countries from which we might get equipment and supplies."

Won't Provide Weapons

Sources in Moscow have indicated the Soviets will not provide weapons for the Indians to fight the Red Chinese.

Shipments of British infantry weapons have been received here. Britain, the United States and Canada have promised to provide more weapons.

The beginning of what is expected to be large-scale American military shipments to India is expected to arrive here by the end of this week. No details are available here, however.

The Red Chinese, who apparently have paused in their offensive, were reported to have put a large labor corps at work in the Himalayas building roads to bring up reinforcements and supplies.

Although the government is counting on massive U.S. weapons assistance to blunt and throw back the Chinese drive, the Indian press and government radio have given little publicity to this.

Reflecting years of official Indian nonalignment, most papers chose to publish circumspect statements about assurances of American assistance.

Police Investigate Entry of Garage

Zimmerman Auto Sales at 170 N. Lundy Ave. was broken into and entered sometime between 8 p.m. Tuesday and 7:50 a.m. today, police learned today.

Police also received complaints Tuesday of three cases of vandalism in Salem.

John Firth of RD 2, Salem, a Zimmerman employee, told police this morning that the garage had apparently been entered during the night. Entrance was gained by the use of a pry-bar on the rear door at the east side of the building. It is not believed that anything was stolen, although an inventory was to be made later today to ascertain whether there was a theft.

James Bryan of 871 Newgarden Ave. reported to police Tuesday that a window on the sunporch of his home was broken by vandals the previous evening.

James C. Fowler of 215 E. Eighth St. told police Tuesday that the antenna on his automobile, which was parked on State St., was broken Sunday between 2:30 and 11 p.m.

Soaped window and a light torn off the outside wall of Mrs. R. L. Treleven's home at 980 Jones Drive were the cause of a complaint made by her to police Tuesday.

Police Chief Donald Cowen said that the other six children in the station wagon may have been injured were Charles Wade, Jr., 13, padded in elaborate masquerading costumes.

The children who escaped injury were Charles Wade, Jr., 13, Ronald Wade, 10, Robert Wright, 10, Steven Wright, 6, Christine Wright 12, and David Wright, 15 months.

'Meanies' Punished By Alliance Police

ALLIANCE — Four outsized elementary school pupils banded together Tuesday night and snatched a bag of "trick - or - treat" goodies from some small children and an older girl took a similar prize from another child, according to Police Chief Donald Cowen.

Cowen said the bag snatchers will be punished by detaining them while the Halloween parade is held tonight at 7:30.
